

USDA AMS Organics Form

Date: _____

Check on of the following: Single Use Blanket (for a period of one year)

The USDA AMS National Organics Program (NOP) requires mandatory electronic organics import certificate filing in effect March 19, 2024 for any product described, labeled, or marketed organic at the time of import.

Please check one of the boxes below:

- No commodities imported by _____ *Key Company Name* will be described, labeled, or marketed as organic at the time of import. **The Organics PGA will be disclaimed. Select only if document is to be used as a blanket.**
- None of the commodities listed in the table below are described, labeled, or marketed as organic at the time of import. **The Organics PGA will be disclaimed. Select only if document is to be used as a single use.**
- One or more commodities listed in the table are described, labeled, or marketed as organic at the time of import. *Can be used for both single use and blanket document.*

1. Do you have an Electronic NOP Import Certification that was issued by an organic certifying body, listed in the [USDA Integrity Database](#)

- Yes: Please provide the 21-digit electronic NOP Import Certificate Number in the table below (ex: 392-1234567890-230001).
- No: Proceed to next question.

2. Is your commodity in the process of receiving a digital NOP Import Certification?

- Yes: Please provide a paper copy of the [NOP Import Certificate](#) completed and signed by a Certifying Body appearing in the Integrity Database, and in the table below, indicate *In Progress* in the Electronic NOP Import Certificate # column and check both boxes below: *Can only be used as Single Use.*
 - The Foreign Exporter has confirmed that the product is certified organic, or there is documentation in the entry documents that validates the organic status of the product, such as an operation-level organic certificate that lists the commodity being imported.
 - A process is underway to obtain an NOP Import Certificate from the exporter for future shipments.
- No: Proceed to next question.

3. Do you have a paper or PDF copy of an NOP Import Certificate issued by a USDA organic equivalent country? (Canada, European Union member country, Israel, Japan, South Korea, Switzerland, Taiwan, or Great Britain)

- Yes: Please forward copy of certificate with this completed form.
Please note: USDA AMS will require NOP Certification in the future. Please ensure your exporter/supplier uses the NOP Integrity Database to obtain required organic certification.
- No: Proceed to next question.

4. Do you have a paper certificate (completed and signed by a Certifying Body appearing in the Integrity Database) from any country not listed in question 3?

Yes: Please forward copy of certificate with this completed form.

Please note: USDA AMS will require NOP Certification in the future. Please ensure your exporter/supplier uses the NOP Integrity Database to obtain required organic certification.

No: Shipment cannot be entered into the U.S. if identified as organic on commercial documents, labeled as organic, or marketed as organic at the time of import.
